7 May 2015

Dear Military Commissioning Candidate:

NMSU is designated as a Military Friendly University with ROTC programs for both Army and Air Force personnel at the main campus in Las Cruces, New Mexico. In addition, we offer unique opportunities in our nursing program for candidates to the Military Commissioning Programs through the Army, Navy, and Air Force

Military Commissioning Programs

➢ Separate application to a military branch commissioning program is required
➢ All prerequisites are required (see BSN degree requirements at [http://schoolofnursing.nmsu.edu/](http://schoolofnursing.nmsu.edu/)).
➢ NMSU does not award credit for military experience
➢ NMSU accepts most college level transfer credits
➢ NMSU accepts most college level courses offered through the military schools
➢ Seats are reserved in our BSN program for qualified ROTC and qualified Active Duty military personnel seeking commissioning in military services after graduation
➢ Application to NMSU is required
➢ Separate application to the Bachelor of Science Nursing (BSN) program is required
➢ Transcripts will be evaluated by School of Nursing advisors
➢ Passing scores on an Admission Assessment are required

If you are interested in this unique opportunity to complete your BSN degree at a military friendly University located close to major Army and Air Force installations, please contact us as soon as possible.

Thank you.
