NURS 6405 Psychopharmacology for Advance Practice (optional)		NURS 6350 Health Needs of Special Populations	2		
Subtotal	6	Subtotal	8	Subtotal	4

Notes

- Certificate students must complete 576 hours of supervised clinical practicum hours. 1 credit in a clinical course = 64 hours of clinical practicum
- For PMHNP certificate students, NURS 514 Psychopharmacology for Advance Practice is optional because the New Mexico Higher Education Department limits graduate certificates to 18 credits. However, it is strongly recommended that students take this course to prepare them to meet the prescriptive practice and medication management competencies on the PMHNP certification exam.
